

NTS SPOTLIGHT LAB INSIGHT

Your product tests can be witnessed live through LabInsight

LabInsight makes your documents accessible and easy to download

ABOUT LABINSIGHT

At NTS we are committed to leveraging the most up to date technology to provide our customers with unsurpassed access to the information vital to their program's success. NTS LabInsight supplies the online services required to keep pace with the speed of today's business needs.

Our goal is to supply our customers with real-time, anytime, and anywhere access to all their testing needs. LabInsight is a sophisticated, yet easy to use, online customer information portal, complete with behind the scenes support and full Internet and ITAR security. With NTS LabInsight our customers are just a few clicks away from:

DATA AUTOMATION (DOCUMENTS, PROJECT DATA, AND REPORTS)

The LabInsight Data Automation module allows the NTS engineering team to easily upload and publish status, test reports, raw data, pictures, and reference materials for customer review giving NTS customers real-time virtual access that:

- Utilizes a secured username/password scheme for granting access to test data.
- Is secured for ITAR (International Traffic in Arms Regulations).
- Facilitates faster communication via e-mail notification alerts when a document or report is posted.
- Eliminates useless redundancy.
- Allows our customers to leverage LabInsight to upload data to NTS technicians.

LIVE WITNESSING

Live Witnessing offers clients the ability to stream live video from both the test controller and test site cameras via the Internet using industry standard browsers that:

- Reduces testing and traveling costs for our customers.
- Controls the expense and time associated with travel to the various test laboratories.
- Transmits pertinent test instrument readings and screen captures to assure a complete understanding of the test in progress.

ABOUT NTS

As one of the largest commercial test laboratory networks in North America, NTS offers test, inspection and certification services for environmental, dynamics, EMC, wireless, product safety, materials, ballistics and much more. Our client partners rely on NTS to bring quality products to market quickly and efficiently, and so can you.
