

MANAGED ENGINEERING SERVICES

THE NTS SOLUTION

Managing ongoing day-to-day operations within your organization that are not a part of your company's core competency can create a drain on your talent resources. What's more, in today's marketplace you face ever-increasing pressure to:

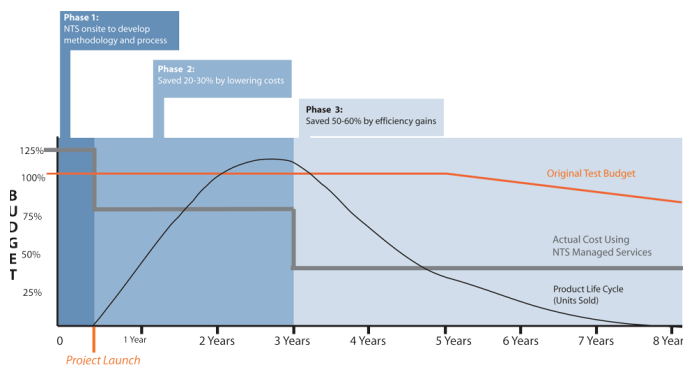

- Launch products faster
- Incorporate processes to drive down costs
- Locate and retain specialized talent

NTS has profitably managed test and engineering facilities for over 50 years, utilizing our world-class network of engineers and Subject Matter Experts. As your Managed Engineering Services partner, NTS can provide a customized, flexible integrated solution to your workflow challenges, giving you peace of mind and more time to focus on key areas of your business.

MANAGED ENGINEERING SERVICES

We make it happen with:

- Facility/Lab Planning
- Resource/Risk Management
 - » On-site, Off-site or Off-shore Teams
- Lab Accreditation
- Quality System/Procedures
- Life Cycle Integration Services

We provide a Program Manager as your single point of contact

Achieve on-time market release of your product

Get NTS involved in the early stages of product development

MANAGED ENGINEERING SERVICES CONTD.

- Product Services
 - » Computer Technology Testing
 - » New Product Development Testing
 - » International Certification

A professional Program Manager works with you to create your organization's own integrated solution. Since it is created for your organization alone, your integrated solution is designed to give you the savings and results you want. Your dedicated Program Manager is your single point of contact, backed by a team of professionals giving you a seamless, cohesive solution.

INTEGRATED SOLUTIONS

By involving NTS's Subject Matter Experts in the early stages of product development and incorporating test design from the inception, our clients realize significant cost savings and a higher completion of on-time market release of their products.

ABOUT NTS

As one of the largest commercial test laboratory networks in North America, NTS offers test, inspection and certification services for environmental, dynamics, EMC, wireless, product safety, materials, ballistics and much more. Our client partners rely on NTS to bring quality products to market quickly and efficiently, and so can you.
